

SUMMIT VIEW SCHOOL

WHERE STUDENTS WITH LEARNING DIFFERENCES EXCEL

**JULY 10TH 2017 -
AUGUST 4TH 2017
8:30 AM - 1:00 PM**

CULVER CITY CAMPUS

**SUMMER PROGRAM
2017**

Small Group Tutorials

Test Preparation

Math, Reading, Writing Reinforcement

Enrichment Courses

Summit View offers comprehensive lower, middle, and upper school programs for students with learning differences. An innovative and integrated curriculum, coupled with small class size and low teacher to student ratio, enables students to develop their abilities and enhance their intrinsic talents.

The summer program offers students the opportunity to:

- acquire new skills
- reinforce basic reading, writing, and math skills
- master test-taking and improve study skills
- strengthen knowledge in a particular subject
- develop expertise in computers, the Internet, and multi-media

DAILY SCHEDULE

Period 1: 8:30-9:30

Lunch: 11:30-12:00

Period 2: 9:30-10:30

Period 4: 12:00-1:00

Period 3: 10:30-11:30

Culver City Campus

12101 W. Washington Blvd. Los Angeles, California 90066
(310) 751-1100

SMALL GROUP TUTORIALS (GRADES 1-12)

Daily tutorials in reading, writing, math, and study skills

- Individualized, intensive instruction provided by expert teachers
- Reading tutorials targeting decoding, reading comprehension, and reading in the content areas
- Math tutorials focusing on remediating gaps in scope and sequence, from basic math through geometry, and preparing students for advanced classes such as Algebra 2
- Writing tutorials concentrating on the writing process, paragraph structure, and essays
- Study skills instruction including active reading strategies in content areas, note-taking, and test preparation

1 hour per day for four weeks: \$1,200

2 hours per day for four weeks: \$2,200

3 hours per day for four weeks: \$3,150

AFTER-SCHOOL DRIVER EDUCATION

1:30 PM – 3:00 PM

A certified course that prepares students for the written exam requirement for a learner's permit.

Students must be 15 ½ or older

\$60

Please call 310.751.1100 to reserve a place. Minimum of 6 students required.

ELEMENTARY (CURRENT GRADES 1-6)

PLEASE CHOOSE ONE OF THE FOLLOWING:

Intensive Reading Instruction (2 Periods)

Students will receive intensive instruction in basic reading skills such as sight word recognition, phonetic strategies, syllabication, and fluency, using proven research based reading programs.

OR

The Reading-Writing Connection (1 Period)

In this language-arts course, students will read expository and narrative selections and demonstrate understanding of concepts through discussion and written responses.

AND

Math Reinforcement (1 Period)

Through stimulating and relevant activities, students will apply math fundamentals to improve higher-order reasoning and problem-solving skills.

CHOOSE TWO OF THE FOLLOWING:

Physical Education

This course offers students the opportunity to enhance their gross-motor skills in a safe and positive environment.

Arts and Crafts

Students will experiment with color, perspective and other art related skills, as they create a variety of 2-D and 3-D art and craft based projects.

Science Club

This course features activities based on the core concepts of the science curriculum. Hands-on projects and fun activities will make science come alive.

Computer

Students will develop word processing, desktop publishing and keyboarding skills, as they complete a variety of different activities and projects.

Summer Reading (6th grade only)

Students will read and discuss their assigned grade level novel, and complete the written portion of their Summer Reading project.

CLASSES SUBJECT TO ENROLLMENT

UPPER SCHOOL (CURRENT GRADES 7-11)

PLEASE CHOOSE FOUR OF THE FOLLOWING:

Middle School Intensive Reading Intervention 1 or 2 Periods

Students will receive intensive instruction in basic reading skills such as sight word recognition, phonetic strategies, syllabication, fluency, and/or reading in the content areas using proven research based reading programs.

Algebra and Geometry Reinforcement 1 or 2 Periods

These classes will focus on preparing students for Algebra 1 and 2, and Geometry, by reinforcing and re-teaching critical skills required for success in upcoming math courses.

Math Skills 1 Period

This course gives students a chance to strengthen math skills and to prepare them for upcoming math courses. Students also focus on applying concepts to solve multi-step word problems and to use formulas. Students will be grouped according to math skills and levels.

Essay Writing 1 Period

Students will use the writing process to develop outlines and write well-organized, thoughtful short answers and essays of varying genres.

Summer Reading Project 2 Periods

Students will work on the mandatory summer reading novel including completing the written portion of the assignment. Some outside reading of the novel will be required.

Athletic Conditioning 1 Period

Students will strengthen and enhance skills needed for basketball, volleyball, cross-country, general fitness and agility.

Presentation Skills 1 Period

Have you ever sat through a presentation and thought, "I have no clue what he/she is talking about." Learn to avoid being a boring presenter, and come explore how to create powerful presentations with the newest technology to impress our audiences.

Tech Tools 1 Period

This course teaches students how to learn effectively and how to apply what they have learned. Note-taking, outlining, test-taking, and reading for comprehension will be emphasized. Students will also learn how to use assistive technology tools to help them organize and manage their time. Emphasis will be placed on Inspiration and Read & Write for Google.

UPPER SCHOOL CLASSES CONTINUED ON NEXT PAGE

UPPER SCHOOL (CURRENT GRADES 7-11) CONT.

Techonology for Life 1 Period

Students will learn about and practice using technology as a life-tool, exploring the Office Suite, calendars and planners, apps and other tools for both school and life.

Preparing for Driver's Ed 1 Period "not a certified course"

Get a head-start on preparing for the written portion of the driver's permit exam. You will review the California Driver Handbook and learn tips on how to become a safe, responsible driver.

(Please note that this class is for information only. Students will need to take the certified after-school Driver's Ed course to meet the requirement for obtaining a provisional permit)

The World of Google 1 Period

In this technology-filled course, students will learn the ins and outs of Google Classroom to help them navigate the system to better prepare for the next school year. In addition, students will learn about the many Google Extensions that can help with reading, annotating, writing, etc.

Credit Recovery 3-4 Periods

Students currently enrolled at Summit View in grades 9-12 have the opportunity to enroll in the credit recovery program, to make up a semester of High School credit. Enrollment in this program is on a case by case basis. Please contact the Principal for more information.

CLASSES SUBJECT TO ENROLLMENT

A series of yellow, fan-like geometric shapes of varying sizes and orientations, arranged in a curved pattern from the bottom left towards the top right of the page.
